Aven Macro Zoom System on Dual Arm Boom Stand

\$2,873.00

[larger image](#)

This system is ideal for Quality Assurance, biomedical imaging, or assembly applications where an easy to view, sharp and true-to-life magnified image is required. Excellent for documentation, training and inspection. Increases operator comfort and productivity. A variety of adapters, auxiliary lenses, cameras, lighting options, video capture cards, and stands are available to provide a custom solution.

Highlights:

- Designed for Large Field of View Applications
- 6x Macro Zoom Lens with Adjustable Iris and Close-Up Lens
- Magnification: Up to 61.9x at 5.5" Working Distance on a

15" Monitor

- Working Distance: 5.5"
- Field of View: 224mm (8.8") to 298 (11.7") (Field of View at 48" working distance allows inspection or image capture of large samples.)
- Adjustable Focus: 5" to infinity
- Ambient Light sufficient, additional illumination not required for most applications.
- Video Link device and with advanced image capture software included.

See Frame Grabber section of our website for more information.

System Includes:

- 6x Macro Zoom Lens
- Dual Arm Ball Bearing Boom Stand
- Focus Mount with Adapter Plate
- 1/3" CCD Color Camera, Dual View
- 15" Color Flat Panel Monitor
- Video Link Device and Software for Image Capture

*Please note, in most applications additional illumination is not required for this lens system.
