SPZ-50 PFM Stereo Zoom Microscope with miniVue

[larger image](#)

This system features our SPZT-50 body which has a magnification range of 6.7 to 50x mounted to our PFM stand which has built in Fluorescent Illumination. Click on the attached PDF file for more technical information on the SPZT-50 Stereo Zoom Body.

Mounted to the auxiliary port is the miniVue Camera for instant image capture and viewing. The miniVue Camera allows you to view images on the built in 2" LCD screen. Images can be easily captured to the built in SD Card, eliminating the need for a PC. You also have the option to connect a LCD monitor to the camera to view your images on a larger screen. A PC can also be connected by the built in USB 2.0 outlet. Images capture and measurement software is also included.
