Product Description

Product Name:	CHIP QUIK [®] SMD291AX No Clean Solder Paste
---------------	--

Product Details

CHIP QUIK[®] SMD-291AX No Clean Solder Paste

- Features

- No-Clean Solder Paste 5cc Syringe - 15 grams
- 63 Sn / 37 Pb 88% Metal
- Handle & Tip included
- Ideal for rework applications
- 1 year shelf life refrigerated - 6 months at room temperature
- The same solder paste that is used in PCB manufacturing
- Used for SMD rework with solder iron or hot air
- A 5cc syringe was selected to help maintain a fresh supply of solder paste for low volume applications
- A 10cc 35g syringe is also available
- Use at room temperature
- Easy clean up with isopropyl alcohol
