## Energizer® EZ Change®

### *Change your batteries without changing your plans*

The Energizer® EZ Change® hearing aid battery dispenser is simple enough for anyone to use. Our portable battery dispenser makes it easy to replace your battery wherever and whenever you choose.

### *Small and in charge*

About the size of a silver dollar, the Energizer® EZ Change® dispenser fits in almost any pocket or purse. The simple design of this hearing aid battery dispenser takes all the hassle and frustration out of handling such small batteries.

**Features & Benefits**

- A. Magnet holds battery securely
- B. Thumb Slide pushes out one battery at a time
- C. Clear Cover lets you view how many batteries are left
- D. Dispenser has a contoured base for better grip

**Additional Benefits**

- Compact for easy carrying
- Works with most hearing aid styles and is available in every battery size
- Battery goes straight from dispenser to hearing aid
- Dispenser keeps batteries fresh by protecting them from dust and dirt
